# ABOUT US

Lakdiwala is a celebrated name in the industry that has been trusted for offering premium wood and timber products. We have our head office in Delhi (India). We are recognized as a dependable exporter and supplier of different kinds of products like Antique Wood, Teak Wood Lumber, Block Boards, Plywood Boards, WPC Boards, Wooden Doors, and Flush Doors. We fulfill the buyers' demands with only superior quality wood and timber products that too in a time-bound manner. Our products serve as the foremost choice in the household application, commercial applications, furniture industry, construction industry, and others. Our products serve different purposes across the sectors. The buyers prefer us for their bulk requirements as we make these products available at reasonable prices. We are also engaged in providing Teak Wood Moulding. Lakdiwala is a Delhi (India) based company, specialized in the export and trade of wood and timber products in India and abroad.

*Vinesh Jain is the co-founders of the company. Working under their able guidance since 30 years, we have been catering to emerging demands of the buyers since 2019.*
